

Binnenbrand BV develops architecture and interior concepts for B2B, real estate and the private sectormarket. We work for various industries, including real estate, private individuals, retail, catering and offices. Since 2012, the company has steadily grown into a nationally known player.

Due to strong growth, we are immediately looking for a:

VACANCY

Senior Interior Architect M/V

32-40 hours

Job description

As an Architect/Designer you are one of the defining pillars within our creative team. You know how to inspire clients and your colleagues and act on the basis of excellent design qualities and good commercial insight. You are responsible for the creative planning and you work on projects independently or in a team. You advise, design and develop concepts into definitive architectural designs. During processes you maintain good communication with clients and project managers in direct lines.

What we ask

- At least 2 years of relevant work experience as an architect/designer;
- HBO / Academic education, work- and thinking level;
- Communicative skills and a teamplayer;
- Experience and up-to-date knowledge of Vectorworks and Photoshop;
- A positive mindset and show initiative;
- Strong personality, flexible and no 9-5 mentality;
- Passion for trends and brand identities;
- Experience in retail design is a plus.

Organization / Workingenvironment

We are a vibrant, successful and growing creative company with an active working area in the Netherlands and the Benelux. Our location in Heerenveen has excellent accessibility by both private and public transport.

What we offer

- Full-time employment;
- Prospect of a permanent contract;
- Working in a vibrant and creative team;
- Excellent working conditions and benefits.
